

OUR PURPOSE

The Colorado Information Analysis Center (CIAC) focuses on preventing acts of terrorism, taking an all-threats approach. We are a centralized resource that gathers, analyzes and disseminates all-threats information to private sector, local, state, tribal, and federal stakeholders throughout Colorado and the United States.

Our Mission

The mission of the Colorado Information Analysis Center (CIAC) is to serve as the focal point within the state for receiving, analyzing and sharing threat-related information among private sector, local, tribal, and federal partners.

As an office within the Colorado Division of Homeland Security & Emergency Management (DHSEM), we strive to thoroughly uphold the vision, mission and core values set in place by the division.

DHSEM Vision

A prepared, safe and resilient Colorado!

DHSEM Mission

To lead and support Colorado's effort to prevent, protect, mitigate, respond to and recover from all-hazards events.

DHSEM Core Values

Service, Teamwork, Respect, Integrity, Vision, Excellence

CIAC PRIMARY OBJECTIVES

Preserve, protect, and restore critical data in the event of an attack on the homeland, a natural disaster, or other interruption.

Maintain direct liaison with the Denver FBI Office, the U.S. Attorney's Office, and other local, state, and federal law enforcement agencies regarding ongoing investigations and items of interest.

Provide necessary training on intelligence and the role of Colorado's citizens and public safety professionals (including peace officers, firefighters, emergency medical technicians, and other first responders) in preventing terrorist attacks through the Threat Liaison Officer (TLO) Program.

Internship Program

The CIAC is an office within the Colorado Division of Homeland Security & Emergency Management

WHO WE ARE

The CIAC takes an all-threats approach to public safety, analyzing all potential threats to the community members and infrastructure of Colorado. We are comprised of the following sections:

All-Threats Analysis Unit

This analyst unit is responsible for the receipt, review, analysis and dissemination of threat and hazard related information and intelligence. This unit focuses on a number of areas.

- Cyber Actors
- Terrorism
- Violent Gangs
- Human Trafficking
- Critical Infrastructure Protection
- Transnational Organized Crime
- Black Market Marijuana
- Narcotics
- Preventing Targeted Violence

Watch Center

The Watch Center provides 24/7 situational awareness for the Colorado Department of Public Safety.

Safe2Tell

In 2019, the CIAC began fielding all Safe2Tell tips from students and community members as it relates to concerning behaviors in schools.

Auto Theft Intelligence Coordination Center (ATICC)

The ATICC provides tactical and strategic analysis to the Colorado Auto Theft Prevention Authority.

CIAC Services

The CIAC provides a variety of services for our partners, including:

- Strategic Intelligence Products
- Mobile Analytics for Special Events
- Situational Awareness Bulletins
- Event Threat Checks
- National Fusion Center Network Contacts
- Critical Infrastructure Assessments
- Tactical Intelligence Support for Law Enforcement, Including Law Enforcement Workups, Generating and Distributing Law Enforcement Bulletins and Requests for Information
- Community Awareness Trainings
- Classified and Specialized Briefs
- Dissemination of Partner Intelligence Products

INTERNSHIP RESPONSIBILITIES

Interested In Career Opportunities With The CIAC?

Apply for our Internship Program!

Assist with CIAC sponsored events, trainings, analytic efforts, and the creation of various intelligence products.

Access and maintain various databases and resources.

Maintain situational awareness of emerging threats and operational requirements.

Rotate through each CIAC focus area to gain a thorough understanding of the general mission of a Fusion Center before tailoring support efforts to a designated area of interest.

Internship Requirements

Commitment of a minimum of four hours per week for nine months.

Enrolled in a Bachelor's (senior year students) or Master's program with a focus on Criminal Justice, Homeland Security, Intelligence, Cyber Security, or Fire and Emergency Management. Non-traditional candidates may be considered on a case-by-case basis.

Ability to pass a background investigation and polygraph examination.

Successful completion of required training upon acceptance as an intern.
