

OUR PURPOSE

The Colorado Information Analysis Center (CIAC) focuses on preventing acts of crime, taking an all-threats approach. We are a centralized resource with a mission to serve as the focal point within the state for receiving, analyzing and sharing threat-related information among public sector, private sector, local, tribal, federal partners and non-governmental organizations throughout Colorado and the United States.

Our Office Within the DHSEM

As an office within the Colorado Division of Homeland Security and Emergency Management (DHSEM), we strive to thoroughly uphold the vision, mission and core values set in place by the division.

DHSEM Vision

A prepared, safe and resilient Colorado!

DHSEM Mission

To lead and support Colorado's effort to prevent, protect, mitigate, respond to and recover from all-hazards events.

DHSEM Core Values

Service, Teamwork, Respect, Integrity, Vision, Excellence

CIAC PRIMARY OBJECTIVES

Preserve, protect and restore critical data in the event of an attack on the homeland, a natural disaster or other interruption.

Maintain direct liaison with the Denver FBI Office, the U.S. Attorney's Office and other local, state, and federal law enforcement agencies regarding ongoing investigations and potential suspicious activity.

Provide necessary training on intelligence and the role of Colorado's residents and public safety professionals (including peace officers, firefighters, emergency medical technicians and other first responders) in preventing mass attacks and criminal acts through Prevention Programming.

Preventing Targeted Violence Program

The CIAC is an office within the Colorado Division of Homeland Security & Emergency Management (DHSEM)

WHO WE ARE

Colorado Preventing Targeted Violence Program

The Colorado Preventing Targeted Violence (CO-PTV) Program is a multidisciplinary public health approach to targeted violence prevention in the state that works to equip communities with the tools to prevent targeted violence through awareness and education, building trusted partnership, and providing continued support to assist in local prevention efforts. Read more about our work below.

CO-PTV Program Mission

To build safe and healthy communities in Colorado through trust building, increased awareness, intervention services, resources, and support to communities to stop acts of targeted violence.

CO-PTV Program Resources

The CO-PTV Program provides a variety of resources for partners, including:

- Training and events
- Program implementation and evaluation support
- Prevention Network Phonebook
- 24/7 analytic support

CO-PTV Team of Teams

The CO-PTV Program is housed within the CIAC. Through pre-established information sharing networks and 24/7 support, the CIAC provides governance for the CO-PTV Program to ensure local partners have the necessary information, resources, and guidance to conduct their prevention work.

The CO-PTV State Team is a multidisciplinary administrative team that identifies unique approaches and promising practices to prevent targeted violence and implements them statewide. The CO-PTV State Team liaises across disciplines and provides standardized training and events to connect and educate prevention partners and community members.

Threat Management Teams (TMTs), at both the regional and local levels, are operational teams that implement multidisciplinary approaches to prevent targeted violence and identify needs within their communities.

- Support and consultation for complex cases
- Standardized forms and templates
- PTV Training Calendar with worldwide conferences, events, and training opportunities

The CO-PTV Team also provides a variety of resources available to community members, including:

- Public Resource Hub
- Community training and events

CO-PTV Program PRIMARY GOALS

Build awareness for the prevention and intervention of targeted violence within Colorado communities.

Strengthen local collaboration and capabilities for the prevention and intervention of targeted violence.

Establish sustainable support for the prevention and intervention of targeted violence.

CO-PTV Core Values

Inclusiveness: Welcoming and valuing all voices, perspectives, and people who seek to move targeted violence prevention work forward.

Awareness: Cultivating and exchanging knowledge of challenges and approaches to preventing targeted violence.

Responsiveness: Continuously examining and improving our approach based on community feedback, trends, and lessons learned.

Transparency: Working to establish trust by providing our partners and communities with the ability to understand, question, and challenge our work.

Commitment: Maintaining unwavering dedication to this work, the needs of the community, and our values.
